

NEWS GATHERED FROM SOUTHSIDE

Campaign Nearing Close, but Little Interest Is Being Shown.

Manchester Bureau, Times-Dispatch, No. 1102 Hull Street.

With only three weeks intervening, there seems to be little interest in the campaign, with the exception of the fight for the mayoralty, in which the incumbent, H. A. Maurice, and L. R. Brown are pitted against each other.

The contest for Mayor will be one of great importance, and in fact, will be closer than many people realize. It is understood that Mr. Maurice's opponent has made inroads upon his adversary.

Mayor Maurice has held office for fifteen years, and has friends by the score here. His campaign is being conducted quietly, and he has the support of some of the most influential members in the city. His administration has not as yet been attacked, and no one has ever openly criticized his actions officially.

Much talk has been circulated concerning the probability of the joint debate between the two candidates for Mayor, but nothing in that connection has as yet been arranged. The citizens generally are favorable to such a meeting. Up to this time there have been no new candidates mentioned for the Board or Assembly.

The building will be located on the corner of Ninth and Decatur Streets, and will be erected at a cost of about \$7,000. It will adjoin the site of the proposed new church, which will be erected within the next year or so.

S.S.S. DRIVES OUT RHEUMATISM

A good liniment or plaster, or some good home remedy will usually give temporary relief from the pain of Rheumatism, but the disease is more than skin deep and cannot be rubbed away, nor can it be drawn out with a plaster. Such treatment neither prevents nor cures; the excess of acid, which produces Rheumatism, is still in the blood and the disease can never be cured while the circulation remains saturated with this irritating, pain-producing uric acid poison. The trouble will shift from place to place, settling on the nerves and causing pain and inflammation at every exposure or after an attack of indigestion or other irregularity. When neglected or improperly treated, Rheumatism becomes chronic and does not depend upon climatic conditions to bring on an attack, but remains a constant, painful trouble. S. S. S. drives out Rheumatism by neutralizing and expelling the excess of acid from the blood. It purifies and invigorates the circulation so that instead of an acid-laden stream, constantly depositing uric acid in the joints, muscles, nerves and bones, the entire system is nourished and made healthy by rich, life-giving blood. Book on Rheumatism and any medical advice desired will be sent free to all who write.

UPSET TAFT MEN'S PLANS

Antis Stampeded Feeling of the New Hampshire Republicans.

CONCORD, N. H., March 18.—The anti-Taft men stamped a meeting of the New Hampshire Republicans of the city last night and upset the plans of the members of the New Hampshire Taft Association.

The latter were confident of securing the election of General George Adams, of Plymouth, to preside at the State convention April 21st, in Concord, which will name the delegates to the Republican convention at Chicago.

The Taft plans were unexpectedly upset by Colonel E. C. Bean, of Bloomington, who presented a resolution endorsing the nomination of ex-Governor John McLean, of Milford, to preside at the convention.

McLean, a prominent member of the Taft association, immediately raised strenuous objections, but they were defeated by an overwhelming vote and amid the cheers of the hostile committee.

It has been customary for a quarter of a century to have this work to do executive of the State body, in which the Taft element would probably have proved victorious.

TAFT BOOM IN MAINE

Assuming Large Proportions Despite Early Sentiment.

PORTLAND, ME., March 18.—Ex-Governor John F. Hill, national congressman from the State of Maine, is out for Taft, and in Portland and Western Maine the Taft boom is assuming large proportions. A few weeks ago it was the general opinion of Republican leaders in Western Maine that the delegation to the national convention from this State would be sent unopposed.

But conditions have changed within the past week. Isaac Dyer, former district attorney for this State, made a trip to Washington, and while there in consultation with the managers of the War Secretary's campaign, when he returned to Portland things began to move in Taft's direction, and to-day it is generally acknowledged that the Maine delegation to the national convention will be instructed for him.
